

Experience the unified power of Humanforce **Payroll and WFM**

Break new ground for you and your workforce with our all-in-one solution, delivering a seamlessly integrated, automated, accurate and compliant workforce management (WFM) and payroll experience.

Unleash the power of productivity through Humanforce's unified workforce management and payroll solution. With no integration required, your implementation is hassle-free and you'll be up and running, quickly. All your timesheet, award interpretation and payroll data is securely stored under one cloud-based platform, improving the employee experience for your 'deskless' (or shift-based, roster-driven) workforce and providing your team with the tools they need to excel.

Supercharge your workforce with Humanforce

01.

Best-of-breed WFM and Payroll in a single platform

Humanforce offers a robust and comprehensive - yet simple-to-use - all-in-one workforce management and payroll platform, offering seamless and secure data flows so you can be confident in data accuracy, business efficiency and compliance.

02.

Increase employee wellbeing

Keep your current workforce content, and your future workforce assured with earned wage access options to reduce financial stress, directly available within Humanforce. Unlock the potential to increase employee retention, reduce time-to-hire and increase shift take-up. With seamless integration across Humanforce Payroll and WFM, earned wage access has never been simpler.

03.

Seamless implementation and faster time to value

Our robust planning process and a phased approach to implementation allows customers to begin using and learning Humanforce WFM and Payroll early in the onboarding process. By building knowledge and incorporating Humanforce into your daily workflows progressively, you'll realise faster time to value and measurable benefits.

05.

Navigate the employee lifecycle with ease

For all your employee engagement and workforce management needs including Onboarding, Core HR, Earned Wage Access, Rostering, Time & Attendance and Payroll, the Humanforce mobile app allows you to easily cruise between modules, no matter where you are.

07.

Eliminate security and compliance concerns

With lock and key security, you can have the confidence that your data across Humanforce is accessible and available to whomever you chose, if and when they need it. Our award interpretation engine along with Single Touch Payroll (STP/ STP2), Payday Filing, SuperStream and KiwiSaver compliance will give you the confidence you need to run your business operations effectively and efficiently.

04.

Elevate productivity

Humanforce is highly configurable to your business needs and the unique needs of your shift-based workforce, with flexible clocking and rostering options, as well as the choice to process bulk or one-off payroll events.

06.

Mitigate data risk

With integrated and seamless employee, rostering and payroll data flows, leverage the use of a single solution and single source of truth, to avoid potential error when uploading multiple files, entering manual inputs and double-handling data.

All-in-one for workforce, payroll and HR professionals, Humanforce streamlines your processes to reduce admin burden and minimise the risk of errors. The simple interface will enhance the employee experience and ensure accuracy from timesheet to payslip.

Empower your teams with workforce management and payroll that is flexible and secure, giving your employees more autonomy and instant access to the details they need in the flow of work via the Humanforce mobile app.

Simplify your payroll process

FULLY INTEGRATED, FULLY AUTOMATED

Save on admin time. Automate your rostering, time and attendance and payroll processes with seamless workflows and templates to take care of repetitive tasks such as notifications and authorisation requests.

REPORT-DRIVEN

Increase data accuracy in real-time and start measuring what matters most to your business with Humanforce's easy-to-use, permission-driven reports.

You can quickly and easily filter, export, and drill-down on the data.

SECURE, ROLE-BASED ACCESS

User access is permission-secure, and permission-based, meaning you manage what your payroll team can see and process, with each database change and user process logged.

COMPLIANCE

Minimise risk and improve efficiencies with our Award Interpretation Engine and compliance across our payroll module with Single Touch Payroll and Payday Filing compliant solution.

CONFIGURABLE

Our customers have unique needs and requirements. That's why Humanforce Payroll is highly configurable to the needs of your business. Our team will work with you to configure a solution that works for your business needs.
